

Project: *Bridge Coasting Construction Inspection*
Location: *Ansonia & Derby, Connecticut*
Owner: *Connecticut Department of Transportation*

A.DiCesare Associates is providing construction engineering and inspection services for the painting of four (4) highway bridges for the Connecticut Department of Transportation. Professional staff includes personnel trained and certified by the National Association of Corrosion Engineers (NACE), National Institute Certifying Engineering Technicians (NICET), and the New England Transportation Technician Certification Program (NETTCP) for Hot-Mixed Asphalt, Soils & Aggregates, Concrete placement.

Multiple phases of construction and detouring of vehicular traffic together with coordination with the Connecticut Department of Environmental Protection are key for project success.
