

Project: *I-84 Viaduct Needs and Deficiencies Study*
Location: *Hartford, CT*
Owner: *Connecticut Department of Transportation*

A.DiCesare Associates (ADA) is performing bridge deficiency and need analysis for the I-84 Corridor project in Hartford, CT. As a sub consultant to TranSystems, ADA is analyzing the bridges in the corridor determining characteristic structure conditions throughout the corridor (approximately 40 bridges along I-84 and AMTRAK) through the planning year of 2040, including recommendations for bridge preservation and maintenance strategies.
