

Project: *Structural and Civil Engineering Services*
Location: *Groton, Connecticut*
Owner: *Pfizer Pharmaceuticals, Inc.*

A.DiCesare Associates engineers performed on-call structural and civil engineering services in connection with the expansion of the Groton, CT facility from 2,000 to 7,500 employees. Tasks included structural retrofit of the plant facilities to accommodate expansion and modification to buildings, pipe bridge supports, substation, and parking areas. Also performed comprehensive Hydraulic Site Plan for roadway storm drainage and discharge to the Thames River. All work performed in accordance with the Connecticut Department of Environmental Protection policies, guidelines and procedures.
