

---

**Project:** *Underwater Inspection and Evaluation of  
Bridges throughout the State of Connecticut*

**Location:** *Statewide, Connecticut*

**Owner:** *Connecticut Department of Transportation*

---

**A.DiCesare Associates is involved in the biennial underwater inspection and fathometer survey of 390 bridges throughout the State of Connecticut. Project includes the use of Engineer/Divers and development of inspection findings via electronic documentation.**

**Bridges vary from single spans to multiple span over the Connecticut, Housatonic, Thames, Saugatuck, and Norwalk Rivers. Inspection includes a tactile investigation of all structures below water level, as well as protective devices such as fender systems and cofferdams.**

**Adherence to OSHA regulations required for all aspects of field activities.**
