**Project:** *Rehabilitation-Middletown Swing Bridge*  
**Location:** *Middletown, Connecticut*  
**Owner:** *Connecticut Department of Transportation*

---

**A. DiCesare Associates, P.C. provided underwater construction inspection services in connection with the rehabilitation of the masonry-type piers and abutments supporting the Middletown Swing Bridge over the Connecticut River.**

**The project included both pre- and post- construction riverbed survey, rehabilitation of the masonry substructure units, installation of scour countermeasures, and construction of a new fender system.**

**Adherence to Connecticut Department of Transportation Specifications and Manual of Construction Guidelines, US Coast Guard Regulations, and Department of Environmental Protection Regulations were strictly adhered to on this Federally/State funded project.**
